3. Medically needy income levels (MNILs) are based on family size.

Supplement 1 to ATTACHMENT 2.6-A specifies the MNILs for all covered medically needy groups. If the agency chooses more restrictive levels under section 1902(f) of the Act, Supplement 1 so indicates.

1917(c) and (d) of the Act

The policy for trusts established on and after August 11, 1993 for services furnished on and after October 1, 1993 is described in Supplement 9a to ATTACHMENT 2.6-A.

The agency does not count the funds in a trust as described above in any instance where the State determines that it would work an undue hardship. Supplement 10 of ATTACHMENT 2.6-A specifies what constitutes an undue hardship.

2. Medicaid Qualifying Trusts

1902(k) of the Act

In the case of a Medicaid qualifying trust described in section 1902(k)(2) of the Act, the amount from the trust that is deemed available to the individual who established the trust (or whose spouse established the trust) is the maximum amount that the trustee(s) is permitted under the trust to distribute to the individual. This amount is deemed available to the individual, whether or not the distribution is actually made. This provision does not apply to any trust or initial trust decree established before April 7, 1986, solely for the benefit of a mentally retarded individual who resides in an intermediate care facility for the mentally retarded.
